## Chapter 2 by Blue

I was flying through the clouds heading to Master Roshi's island when I see bright lights coming from the forest. I start flying over head and i see what looks like a Super Saiyan in an orange jumpsuit with an energy ball in his hand and multiple clones of him. They were aiming for an adult man with his right eye covered up and a green vest on with grey hair. I wondered if this was the technique Tein used on me in the Tenkaichi Budokai tournament which goes by the name of Multi-Form technique. This guy was odd, he couldn't land a single hit on this man. I continue heading to Master Roshi's island thinking about what I just witnessed, could this be another Super Saiyan? Impossible he would have to be a Saiyan, has Goten or Trunks found themselves a girl or is Vegeta getting more action on with Bulma? I'll head to Master Roshi's island to find out more about this mysterious man.

## Chapter 3 by Salvador Consuelos - STLAU Student

Master Roshi was looking at magazines as usual. When I asked about the mysterious man, he said that I was probably imagining things. "Anyone dressed like that is probably some figment of your imagination Goku, just like that Naruto kid. He probably can't even get to your power level. Both of them sound like weaklings."

"Your probably right Master Roshi, I'm just going to get both of those idiotic weirdos out of my

mind. Ha ha ha, but what about the Super Saiyan that I saw?

"Goten is out training, I heard he is a Saiyan, an 4, and he's only 14 years old"

said Master Roshi.

"That's crazy", I said.

Then I started flying to where I saw Goten.

## Chapter 4 by Edwin Njoh

There he was. My 14 year old son burning like a golden inferno. His power caused the heavens to cry in admiration. Thunder began to hop across the clouds. His presence completely altered the atmosphere. The colossal amount of latent energy stored within him had finally began to pour out converting his pubescent body to that of an adult male body builder. His arms and torso was filled with pink fur. His once short hair was beyond shoulder length almost covering his developed chest. His orange trousers changed both in size and colour becoming longer and golden. However, his black shoes had only developed in size. I could not believe my eyes. I could only watch as he calmly suppressed his power. He was able to achieve such strength in less than a decade while it that took me my whole life to attain. I began to slowly move towards him. He noticed and quickly powered down to his normal state. The beastly form I had just witnessed transformed into an innocent infant. Just thinking about it had me filled with Goosebumps.

“So you finally did it eh son?” I said as I softly landed on the ground.

“Looks like it and just in time too” He replied.

Just in time. I wondered what he meant by that. What could he possibly need to do with that enormous power?

“I can finally have my revenge on ni-san”

“Gohan?” I asked.

Goten smiled. It finally clicked. Ever since Goten was little Gohan was his mentor and training partner. It made sense for him to want to surpass him. I imagine Goten fought him once before and probably lost.

“Gohan did just come back from his business trip” I said.

“EXACTY!” he yelled with optimism. “I’m going to convince him to enter the Worlds martial arts tournament this year”. He leaned forward towards me as if he was preparing to launch himself into the sky. Seeing him all giddy like this made me chuckle.

“Wow really?” I said. “But is Gohan going to be willing to enter the torunie? He’s really busy with work”.

Goten hesitated.
